

GEOLANDAR A/T-S

Bold, off-road attitude combined with exceptional on-road performance.

GEOLANDAR A/T-S all-terrain tires have an aggressive design that'll make today's trucks or SUVs stand tall. But the real beauty lies deeper. With features ranging from Multi-Stepped Grooves to Dual Interlocking Pyramid Sipes, every Geolandar A/T-S packs the absolute latest in technology to deliver long, even treadwear. Featuring an extensive size line-up, the Geolandar A/T-S, and its powerful on/off-road performance, can be experienced across a broad range of applications.

Long, Even Treadwear

Rounded-Edge Tread Blocks

soften the contact between individual tread blocks and the ground to combat uneven tire wear and reduce noise.

New Compound Technology

contributes to long, even wear through the integration of silica molecules.

Dual Interlocking Pyramid Sipes

maintain tread block rigidity for improved tire wear, and excellent all-weather traction.

Enhanced On/Off Road Performance

Multi-Stepped Grooves

increase surface area of the tread to increase traction in dirt or loose gravel while simultaneously reducing tread squirm for enhanced on-road capabilities.

Large Tread Blocks

mean more stability at highway speeds and enhanced handling with less noise.

Aggressive Sidewall Protectors

fight off sidewall cuts and abrasions, and increase off-road bite.

Massive Off-Road Grip

Staggered Center Blocks

create more biting edges, which improve off-road performance.

Reduced Noise

Five Pitch Variation

helps reduce pattern noise by varying the size and shape of the tread blocks.

Construction may vary by size.

For Vehicles Mentioned Below and Many Others:

Chevy Avalanche	Jeep Cherokee
Chevy Silverado	Hummer H2
Dodge Ram	Nissan Frontier
Dodge Dakota	Nissan Titan
Ford Expedition	Nissan Xterra
Ford Explorer	Toyota 4 Runner
Ford F-Series	Toyota Tacoma
Ford Ranger	Toyota Tundra

- 40,000 Mile Limited Treadwear Warranty
- Industry Leading UTQG Treadwear Rating (500/A/A and 500/A/B)
- 30-Day Free Trial

Features and Benefits

Rounded-Edge Tread Blocks

combat uneven tire wear and reduce noise.

Dual Interlocking Pyramid Sipes

maintain tread block rigidity for improved tire wear, and excellent all-weather traction.

Multi-Stepped Grooves

increase surface area of the tread to increase traction in dirt or loose gravel while simultaneously reducing tread squirm for enhanced on-road capabilities.

Aggressive Sidewall Protectors

fight off sidewall cuts and abrasions, and increase off-road bite.

Staggered Center Blocks

create more biting edges, which improve off-road performance.

Destined to handle the hostile environs of SCORE Off-Road racing, the GEOLANDAR A/T-S has earned its place as a competition tire of choice. Durable, capable and merciless, it will consume any terrain you throw at it.
