

Advanced Technology of PGO X-FIRE 300

1. Patent "Upper Recline Multi-Link Swing Arm" front suspension system

- Superior drivability and stability
 - * keep constant front wheel track
 - * keep constant front wheel negative camber angle
 - * minimize the variation of front wheel toe-in
- Interchangeable High-Low (On/off road) adjustment
- Better protection for front shock absorbers
- Unique look identify X-Fire itself among lots ATV
- More easy to adapt the front-drive function if 4X4 is desired
- Taiwan patent No. 265306 / European patent pending
