ИНСТАЛИРАНЕ НА СОФТУЕР

Стартирайте инсталационният файл. Изберете език на който ще премине инсталацията. Следвайте настройките, не забравяйте да укажете създаване на "къс път"-shortcut на вашият работен плот. Така по-лесно ще може да стартирате софтуера по-късно.

Преди да инсталирате софтуеъра е необходимо да инсталирате **Google Earth**, който може да бъде изтеглен от - <u>http://earth.google.com/</u>

СТАРТИРАНЕ НА СОФТУЕР

От десктопа на вашият компютър стартирайте Red Sports Tracking.

1. Въведете Потребител и Парола, които са обявени от организатора на състезанието. И натиснете бутон "Вход" – само веднъж!

2. Изчакайте индикатора за връзка да светне в зелено (Връзка/CON).

3. Стартирайте Google Earth от бутона "Start Google Earth".

www.red-spots.com

4. След като зареди "Google Earth" в "Places" папка "Temporary Places" ще намерите файл който се казва TrackedVehicles.kml. Щракнете върху "+" пред името и ще видите списъка с участниците в състезанието зачислени към този акаунт. Ако Искате да видите повече информация за състезателя щракнете върху името му. За да видите къде се намира по трасето, щракнете два пъти бързо върху името му и ще се придвижите автоматично на неговата позиция.

5. Когато в състезанието има много участници, може да намалите броя на визуализираните върху картата състезатели както и дължината на списъка, като включвате и изключвате маркировката пред името на състезателя.
